

Dear Parents,

Keeping parents informed and involved helps to assure student safety and improve student success. With today's on-the-go lifestyles, it has become more difficult for schools to reach families quickly and effectively. This is why our school has decided to implement a new system called Honeywell Instant Alert<sup>®</sup> for Schools.

Instant Alert for Schools is an essential tool for notification and communication. Within minutes of an emergency, school officials can use Instant Alert to deliver a single, clear message to the students' parents or guardians by telephone, cell phone, e-mail, pager or PDA. Instant Alert can also be used to notify you of a school closing due to inclement weather. It's an equally effective way to keep you informed of everyday activities, such as event times and locations as well as schedule changes.

As parents, you do not need to do a thing to enroll in this service. All of the contact information you have already provided to the school will be used by us to send informational alerts to you.

The system will be ready for us to use by February 1, 2012. We will be sending our first test alerts shortly before that date. Be sure to set your e-mail spam filter to receive e-mail from Honeywell.com. We hope you enjoy the new service! We will continue to post school delays and closing on the local T.V. and radio stations.

Sincerely,

*Claire Bunker*
